

YOUR HEART (MATT MAYS)

G Bm C D G Bm C D
 Do me a favour if you got nothing to do
 G Bm C D G Bm C D
 Follow me outside this party don't seem right for you
 G Bm C D G Bm C D
 Your boyfriend's drunk, he's passed out on the ground
 G Bm C D G Bm C D
 So follow me out to where nobody's around

CHORUS

G Bm C D G Bm C D
 Your heart and mine should really spend some time together
 G Bm C D G Bm C D
 The blood'll be flowing through our veins like a stream in stormy weather

I feel it in my blood and in every one of my veins
 From the end of my toes to the very back of my brain
 Your boyfriend's drunk, he's passed out on the ground
 So follow me out to where nobody's around

CHORUS

You're done with this due and I do believe it's done with you
 But if you're leaving now, would you mind if I came along too
 'Cause everybody's drunk, they're passed out on the ground
 We could go out to where nobody's around

CHORUS x2

G Bm C D
 Blood'll be flowing through our veins
 G Bm C D
 Blood'll be flowing through our veins
 G Bm C D G Bm C D
 Blood'll be flowing through our veins like a stream in stormy weather

It should be better
